Prayer Requests

OUR DAUGHTER

Vivian was due on Feb. 14, but because of complications, a c-section is planned for the 11th. Please pray for the safe birth of a healthy little girl. Please also pray that Laurel's recovery is quick.

ZERO DOWNTIME

The next month has a sparse travel schedule but is sure to be full of new responsibilities in addition to support raising. Please pray that we will be able to push forward in spite of the busyness of a new baby in the house.

TEN PERCENT

Please pray that our received support will go up by 10% this month.

Long Term Requests

for our spiritual growth and stability in travel that we will be in Romania by the end of October or before salvation of abandoned youth in Romania

Gaining Momentum

We rejoice to be past the 50% mark. God's people are joining us in prayer and in financial support. Our most recent spike in support has thrust us to 53% of our total support.

In December, we sent out eighteen letters to potential supporters and were overwhelmed by a positive response from over 25% of those contacted. God's people are getting behind what He is directing us to in Romania.

Please pray that this support network grows rapidly. We are praying that God would be pleased to increase our support by ten percent this month and

that we will be able to move over to Romania, fully supported, this summer or fall. If you are interested in being a part of the financial support network or know someone else who might also be interested, please let us know, and we will mail or e-mail you more information upon request. We're also working on expanding our prayer warrior base. If you would like to join those who are praying for us daily, let us know, and we will send you a brief weekly update.

Praise Updates

- Though disappointed about not being able to have a natural birth, we are looking forward to meeting our daughter this week. And we praise the Lord that He is all-wise, all-powerful and undeniably merciful in all He does.
- God has been blessing us with particularly enjoyable fellowship at the churches we have been presenting the ministry to recently. We praise the Lord for displaying His mercy through the kindness of His people.
- We praise the Lord that the health concerns we once had for Athan seem to be a distant memory. He continues to develop well and is even walking a bit.

Your fellow servants,

Joshua & Laurel
