

## Praising God for Answered Prayer

- One of last week's requests was that God use us to encourage the church in Salem, OH in the work of the gospel. One lady approached me after the service and indicated that our presentation had done just that!
- We praise Him also for safety in travel. On our way back from the meeting on Wednesday night, God brought us safely through some severe thunderstorms.
- The time in Ohio has been a challenge for our kids. Sleep patterns are way off, eating has suffered, and disobedience is on the rise. But they have enjoyed visiting with family and even got to visit the Cleveland Zoo, as special place from Joshua's youth.

## Prayer Requests

- Please pray for our extensive travel this week. (Mon. OH to SC) all (Thur. SC to TX) Joshua (Sat. TX to SC) Joshua
- Please pray that we and our kids recuperate before we leave for Florida later in June.
- Please pray that God continues to direct our preparations to move to Romania in between travel engagements.

Vivian quickly gave a strange monkey a kiss. Athan was slow to even approach the lifeless animal.
