

Praising God for Answered Prayer

- Joshua traveled to Tennessee on Sunday to give an update to Boone's Creek Bible Church. Believing the church was not yet ready to take on new missionaries, Joshua scheduled the visit to renew their vision for prayer. But God had more in mind. After the meeting, the pastor informed Joshua that the church was nearly ready to take on a new missionary and that we were being considered.
- God continues to provide through the generous creativity of His children. When one of our regular donors received more than expected in this year's income tax refund, she chose to give us a special gift of \$300. We praise God for amazing partners!
