

Leadership Training—A Core Value

We passionately believe that mission work without leadership training and intentional transition to national leadership isn't missions at all. No matter how enjoyable we find different aspects of ministry, training nationals to learn to take over these aspects is always foremost in our minds. As a result, Joshua has been meeting weekly with a small group from the church who he has been preparing to lead the Bible study discussions during Sunday school. This month, Kevin led a men's group, and Nancy led a ladies' group for the first time. *The study, done completely in Romanian by Romanians, was warmly received this month. God is using your prayers.* Please keep praying for us as we try to work ourselves out of job after job.

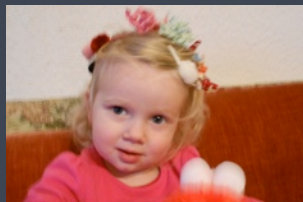

Prayer Requests

- Please pray that God will give us continued wisdom in preparing for phase-out from the beginning of all ministry we are involved in.
- Please continue to pray for Joshua's upcoming trip to Luxembourg starting next Monday.
- Please continue to pray for Mr. F. His rehab seems to be going well, but he misses the church here in Lugoj.

Mission Briefing from the Louk Family

Jan.30–Feb.5, 2012
