

Praising God for Answered Prayer

- Thank you for praying for the scheduling of more meetings. Three of the churches I called this week have invited us to come. One of the meetings will be a return visit to a church in Parma, Ohio. This meeting is informal but may pave the way for a future partnership. Please pray that God's will be done.
- Thank you for praying for our kids to feel comfortable in church nurseries. After three weeks of challenging experiences, involving unrelenting tears, we praise God that this past Sunday, Athan played happily in the nursery for the entire morning worship service and even told us afterwards that Jesus could fly. (The lesson was about the ascension.)

Prayer Requests

- Please pray for travel safety. We plan to be in Ohio from May 19 – 30.
- Please pray that our kids will weather the long hours in the car well.
- Please pray for Laurel's wrist. She recently fell while exercising. We will get x-rays this week to determine if it is broken.
- Please pray for our devotional faithfulness while on the road.
